LET US BE A **BIG** PART OF YOUR NEXT EVENT!

Whether you want to wow VIP guests, reward employees, provide your pupils with an introduction to Dublin's history or create a team building scavenger hunt around the city, we can help.

We're the perfect mix of stand-alone activity and transport which means we can be the main attraction, provide a quick slice of Dublin humour between venues or a combination of both.

With open top buses reserved for your private use, live guides and a choice of set routes passing all the must-see Dublin highlights or a bespoke route to suit you, we'll work with you to make your event a stand-out.

SIT BACK AND RELAX

We operate a modern, comfortable fleet of 24 open-top double deck buses which are perfect for sightseeing and also provide an excellent transport alternative around the city to coaches or taxis.

The capacity of the upper deck is between 42 and 50 while the lower deck will carry between 27 and 32 customers at any one time. Many of our partners want their guests to travel on the upper deck only and this can be accommodated with multiple vehicles travelling in tandem. Vehicles will be entirely your own with your guests the only ones on board (with driver and guide of course!).

Our guides use an audio system on board to ensure that all guests can hear their commentary and this also allows for presentations or introductions on board by organisers where this is required.

PREPARE TO BE ENTERTAINED

Your Dublin adventure awaits with a choice of set routes around the must-see attractions including Trinity College, Guinness Storehouse, Kilmainham Gaol, the Ha'penny Bridge, Temple Bar and Phoenix Park or a completely bespoke route limited only by your imagination*.

Our live guides will join the tour to share stories and history with guests using humour and personality which will bring the tour to life and create lasting memories. We'll also hand-pick a guide best suited to the aims and objectives of your event including particular areas of speciality or tour style.

We can also cater for tours during the day or in the evening; whenever best suits your plans.

*Please note that all bespoke routes will be reviewed by our operations' team to ensure safety and compliance with all relevant regulations.

SOMETHING SPECIAL

Sometimes an event or outing requires something a little bit special and we're happy to help arrange extras such as:

- Drinks or snacks on board
- Vehicle branding or signage
- Balloons and bunting

If you have any ideas which are not included in the above list, you only need to ask and we'll do what we can to make them a reality.

BETTER TOGETHER

Sometimes you may not want a vehicle all of your own and would rather your guests or employees can hop on and off our normal sightseeing services during down time or to introduce them to the city.

For this, a group booking may be a better option. We can provide you with individual tickets which can be purchased at an attractive discount depending on the size of the order. You can then choose to distribute the tickets individually or to small groups to travel together during the validity of their ticket, hopping on and off to discover and explore the city.
